Dear Mr. President.

(U) How come the

C.I.A. is not or are they  
supervised - what  
is done to make  
them more responsible?

I have read and  
listened to so many  
articles about their  
methods - I wonder  
how many Americans  
are also informed  
about the C.I.A. and  
how long will we  
pretend they are not  
doing so many things
